

# LOCATION + FACILITY RISKS

---

Assess your institution's vulnerability to the following destructive forces based on location and facilities. Use ratings of A – E for each to indicate the possibility of occurrence and the impact it could have on your organization:

A = Strong probability/has occurred before  
B = Probability  
C = Possibility  
D = Remote possibility  
E = Improbability

RISK ASSESMENT: LOCATION		
RATING	DISASTER	NOTES
	Severe weather	
	Tornado	
	Flooding	
	Hurricane	
	Earthquake	
	Fire	
	Pest invasion	
	Vandalism	
	Hazardous materials/Radiation accidents	
	Chemical accidents (Internal/External)	
	Transportation accidents (railway, freeway, air)	
	Active Shooter/Hostile Event	
	Bomb threat	
	Terrorism	
	Slips and Falls	
	Medical Emergency	
RISK ASSESMENT: FACILITY		
	Leaky or damaged roof	
	Clogged/damaged gutters, drains	
	Old plumbing and pipes	
	Un-maintained HVAC	
	Faulty or inadequate wiring
