Program Overview

More About the Let Creativity Happen Grant Program

The **Let Creativity Happen (LCH)** grant category provides funds of up to \$2,500 for specific programs that amplify artistic creativity and innovation taking place in the City of Houston. Let Creativity Happen grants are designed to encourage artists, creative individuals, and organizations to take creative risks that may not qualify for more traditional funding opportunities. Awards will support innovative ideas that redefine artistic boundaries, reshape the conversation about art and art experiences, and/or establish unique opportunities to experience art.

Requirements of the Let Creativity Happen Grants

Proposed activities should not be a part of the applicant's regular programming or annual schedule of activities or events.

Artists who work in an artistic capacity with nonprofit organizations, such as artistic directors, executive directors, lead artists, resident artists, and conductors, may only apply for programming that is completely independent of their organization.

For collaborative work, one artist must serve as the lead applicant for the program. Contracts and fees will be paid directly to the lead applicant. Collaborators should be equally committed to working together and should have a partnership agreement defining the rights and responsibilities for ownership, fees, and intellectual property of the work. Hiring artists or creatives does not constitute a collaboration.

Community Engagement

The project should include working collaboratively with and through groups of people affiliated by geographic proximity or special interests.

Measurable (tourism/neighborhood) Impact

The project should attract and be marketed to audiences from outside of the City of Houston either physically or digitally.

Great Social Media Presence

The project should include a comprehensive marketing plan with a clear social media element.

Documented Support of Local Artists and Creatives

Who Can Apply

Eligibility

All applicants must provide official documentation demonstrating a physical address within the City of Houston limits, which is verified by HAA staff through the [online Council Member verify mapping tool](#). P.O. Boxes are not accepted. Details about documentation can be found in the required documentation section on [page 14](#) of this document.

- Organizations or fiscal sponsors must be tax-exempt under the Internal Revenue Code Section 501(c)(3), as verified by the [IRS Tax Exemption Organization Search](#).
- An individual applicant must be at least 18 years old, which will be verified by the applicant's submission of an official state-issued identification card, passport, or other official document.
- Applicants' scopes of work must have a clear public presentation component, verified by staff review of the application.
- Applicants may submit only one application for each individual grant program. In other words, applicants cannot send multiple applications to the same grant program.
- Applicants cannot use the same project proposal to apply to more than one grant program. Applicants should decide which grant program best aligns with their project goals and apply to that specific program.

- If your project is awarded, that specific project cannot be funded again. Sequential projects or a series of related projects, with unique attributes, features, or iterations, are eligible provided that subsequent applications do not replicate the content or objectives of previous submissions.
- If your project is awarded, you must maintain residency and/or headquarters and conduct all project activities within the City of Houston for the entire grant term.
- Applicants may not receive more than one Let Creativity Happen grant in a calendar year.

For Fiscally Sponsored Projects

A fiscally sponsored "project" is an individual, collective, etc., that does not have the federal IRS tax-exempt status required to apply for organization grants and has entered into a fiscal sponsorship agreement with a 501(c)(3) organization to be eligible.

The fiscally sponsored project, once registered as an organization in the HAA Grants Portal and has started a new application, will need to attach their fiscal sponsor's profile to their application.

1. When the application is in draft and edit mode, select "Associated Organizations" in the menu on the left side of the screen.
2. Search for your fiscal sponsor's organization in the search bar, then select the role as Fiscal Sponsor.
3. Click Save Draft.

Application Checklist & Progress

All fiscal sponsors and their fiscally sponsored projects must adhere to the following requirements in addition to meeting the eligibility in the previous page. *Individuals are not required to have fiscal sponsorship for this grant program.*

- The individual applicant or collective seeking fiscal sponsorship and the fiscal sponsor must demonstrate residency and/or headquarters within the City of Houston limits.
 - The Sponsor's Board of Directors must adhere to the highest standards of legal and fiduciary responsibility regarding its policymaking and governance of the organization.
 - The Sponsor's Board must pass a resolution approving the fiscal sponsorship arrangement, as expressed in the written agreement, with the Project.
 - The Sponsor must have a conflict of interest policy in place that contemplates conflicts with sponsored Projects and their leadership and provides clear direction for vetting potential conflicts and otherwise implementing the policy.
 - The Sponsor must maintain sufficient financial resources to assure continuous, uninterrupted operation and employ procedures and internal controls based on Generally Accepted Accounting Principles and all regulations.
 - The Sponsor must evaluate the capability, potential, experience, and integrity of Project leaders to assure a constructive, mutually respected working relationship between the Sponsor and the Project.
- The Sponsor may only charge Projects reasonable fees commensurate with the services it will provide. Further:
 - If the Sponsor is re-granting funds to the Project and not providing additional services, the overhead fee may not exceed 7% of the City grant if awarded.
 - If the Sponsor is re-granting funds to the Project and providing additional services, such as accounting or administration, the overhead fee may not exceed 15% of the City grant if awarded.

Public Presentation

During the grant cycle, one in-person event or one live, virtual presentation is required. In-person events must be open to the general public, taking place within City of Houston city limits.

The applicant must identify the publicly accessible in-person space or live virtual event in their application.

The applicant should clearly state the detailed information about their public presentation. Public presentations may be ticketed, but they cannot exclude the public or limit who may be a member of the audience. If the event has limited

capacity, everyone must have equal access or opportunity to attend on a first-come, first-serve basis. Examples of the types of in-person events these grants support include art exhibitions, film screenings, music, dance, and theater performances, literary readings and publications, local arts festivals, and other activities. Examples of live virtual events include livestreamed concerts or performances, virtual artist talks, virtual Q&A's and other activities.

A nonprofit organization whose primary mission is not the public presentation or exhibition of art and culture should focus their grant application on the public-facing arts programs they are proposing. It may be helpful to provide context on how the arts programming fits into the primary programming of the organization.

Nonprofit organizations or applicants whose primary programming takes place in K-12 schools or is arts education focused must have a public-facing arts program open to the general public. Public programming can be geared toward youth audiences but must be accessible to everyone.

The applicant will be solely responsible for securing the necessary permits, permissions, insurance, and approvals for any proposal that requires City permits or clearances, including, but not limited to, publicly installed art, street closures, sound amplification in public space, or murals.

1. HAA Staff

Applications are reviewed by HAA grants staff to verify eligibility, application completeness, public presentation requirements, and scores of objective criteria through the process detailed below.

Completeness

All required documents and application fields must be completed to be considered for funding. Any applications with missing or incorrect documentation will be notified for rectification. Staff will notify those applicants with missing/incorrect documentation via email. All grant notifications are sent solely via email to the applicant and/or the application's primary grant contact designated in the [HAA Online Grants Portal](#). The email notification will provide applicants with the opportunity to cure the missing or incorrect documentation within four business days from the date of notification. Applicants may only be prompted to cure the following:

- Illegible or unacceptable proof of age documentation.
- Illegible or unacceptable proof of residency documentation.
- Unacceptable Fiscal Sponsorship Agreement.

Applications will not be reopened to correct narratives, work samples, responses to questions, or budget tables. No information will be accepted after the curing deadline as indicated in the notification email. Those who fail to submit correct documentation within the allotted time frame will be ineligible and will not be considered for funding. Any concerns regarding eligibility determination must be resolved following the grants appeals guidelines, which may be requested at any time through the [Support Desk](#) or call 713-527-9330, ext. 6.

Review Process

2. Peer Panel

HAA uses the competitive peer review process to score and rank eligible grant applications—a longtime, national practice of engaging community representatives with arts expertise to make critical decisions about public funding competitions. The panel's ranked scores are then combined with the objective measures in the application to determine the final ranking on a 100-point scale. A description of each 100-point scale can be found within this document. This process removes the HAA staff and Board from the evaluation of grant applications, except for the objective scoring sections outlined above. Panels include individuals with a diversity of skills, self-identity, art forms, expertise, and experience, ensuring they are able to properly assess merit in each of the applications requesting City arts funding. HAA invites anyone with arts experience to be part of the panelist database through the [online application form](#). For demographic data about the panelists that HAA uses, please refer to this [dashboard](#).

3. Award Determination

The HAA staff takes the panel recommendations and assesses the grant program's city funded allocation to determine the number of grants that may be funded. To learn more about how our funding works and the allocated percentages to all our grant programs visit [HAA's Funding webpage](#).

4. HAA Grants Committee

Peer panel recommendations are forwarded to Houston Arts Alliance's Grants Committee, which reviews and votes to ensure the panel process was followed with integrity. The Grants Committee does not alter the recommendations from the panel's adjudication.

5. City of Houston

Once the HAA Grants Committee has approved, recommendations are forwarded to the Mayor's Office of Cultural Affairs for the Mayor's final approval. Recommendations are not final until the City of Houston's approval process is complete.

After Decisions Are Made

Grant Award Notifications

HAA will email final decisions to applicants. These award notification emails will include instructions about receiving panel feedback and, if the grant was awarded, details on completing contracts, payment schedules, and more. Be sure to read the award notification and contract for specific grant term dates.

Contracts will be **voided** if they are not signed within 120 days of receipt. Also, contracts with Conditional Approval status will be voided if the requested information to resolve the status is not provided within 120 days. Be sure to read the notification and contract for specific grant term details.

The City of Houston will publicly announce the grant recipients, and Houston Arts Alliance will echo this announcement via its own social media channels and newsletter.

Share Your Success

We highly encourage you to share the press release from the Mayor's Office of Cultural Affairs announcing grant recipients. Make sure to tag MOCA and HAA in your posts using the hashtags: **#HoustonArtsAlliance #HoustonMOCA #HOUcitygrants**

Panel Feedback

Panelists' evaluative comments are available to applicants upon request. We strongly recommend applicants request the available panelist feedback in the pursuit of preparing for future applications. Use the [Support Desk](#) to request these comments. Please note that comments will be available 10 weeks after award notifications, as they are formatted for clarity while HAA staff balances other grants activities.

After Decisions Are Made

Final Reporting

Final Reports can be submitted anytime, upon completion of your public presentation. All Final Reports are due to Houston Arts Alliance within 30 days of the end of the specific grant program's term. Visit the [Final Report webpage](#) for more details.

Required Public Acknowledgment

Grant recipients are required to acknowledge the support of the City of Houston and Houston Arts Alliance to demonstrate how City funds support arts and culture. Recipients receiving funds must use the required logos and credit line on all printed and electronic materials that advertise performances, exhibitions, or other public events throughout their work or, for those receiving operating support, throughout the grant period. The credit line and links to logos are listed below:

- “This work [event, organization, or individual name] is funded in part by the City of Houston through Houston Arts Alliance.”
- [Required logos](#) are available for download.

Appealing an Eligibility Decision

The appeals process aims to ensure procedural fairness and consistency. It does not override the panel's original decision but rather confirms whether HAA Grants staff conducted the eligibility verification process correctly.

To appeal an eligibility decision, applicants must submit a written request to the Grants Department at grants@haatx.com within **five (5) business days** of receiving an ineligibility decision notification. The request must clearly state the reason for the appeal. For complete details on the appeals process, please refer to the [Appeals Guidelines document](#).
